Anchor excerpt

"I know the lobbyists better than anybody. Because I've used them. But when I become president, I'm not going to let them control our country anymore."

-- Campaign interview, 2015 | verbatim excerpt

Method (one line)

Primary sources first; official documents as verification hooks; no partisan scorecards in our voice -- readers judge promise vs outcome.

Interior voice sample

Case study framing in the manuscript: verbatim block -> what the archive captures -> neutral hooks (where to look). Example section title:

"Drain the swamp" / lobbyist influence
